

# When it's time

*Green Day*

1. **Sol** Words get trapped in my mind, **Re**  
sorry I don't take the time to feel the way I do. **Do**  
**Sol** 'cause the first day you came into my life, **Re**  
**Sol** all time ticks around you **Re**
2. **Sol** But when I need your voice **Re**  
and the key to unlock all the love trapped in me **Do**  
**Sol** so tell me when it's time to say I love you. **Re** **Sol** **Sol7**
- Do** All I want is you to understand, **Sol**  
**Re** that when I take your hand, it's 'cause I want to. **Sol**  
**Do** We are all born in a world of doubt. **Sol**  
**Re** but there's no doubt,  
**Re** I figured out I love you. **Do** **Do/Si** **Do/La** **Sol**
3. **Sol** I've been longing for **Re**  
all the losers that were meant to take the time to **Do**  
say, **Sol** what was really on their mind instead **Re**  
**Sol** any time away.? **Re**
4. **Sol** Yet they'll never have **Re**  
someone like you to back down and help along **Do**  
the way. **Do**
5. **Sol** So tell me when it's time to say I love you. **Re** **Sol**  
**Sol** So tell me when it's time to say I love **Re** **Do**  
**Do/Si** **Do/La** **Sol** you.
